

SZABIST

Career Counselling Services

At SZABIST Executive Development Centre (EDC) our mission is to advance the employability and career prospects of students and Alumni. We focus on the capacity building of students through skill development needed for the job market in their relevant fields.

What can you expect ?

As a student with the SZABIST you can expect careers education and employability enhancement based on:

Your career stage

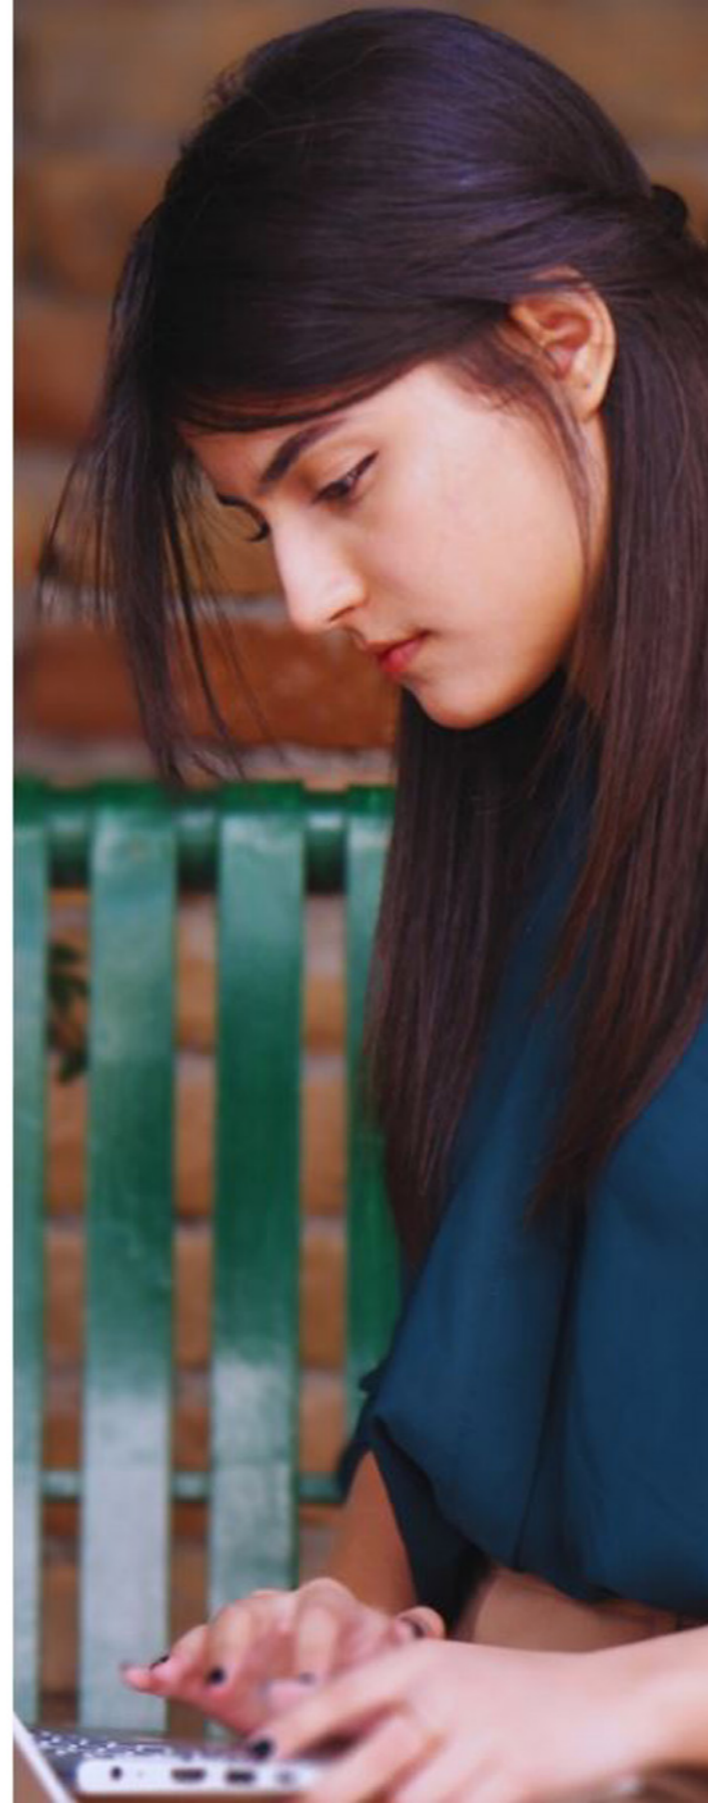

You may be at the early stages of your career (Career Starter), or you may be progressing your career (Career Development) or you may be looking to change your career direction (Career Changer). We offer tailored career resources, workshops, professional development trainings, mock interviews, career counseling, summer courses, trainings, coaching sessions, alumni reunion and Job Fair to build your specific career stage and provide opportunities for you to network with peers from different career stages.

Where are you based

As a SZABIST student you are part of a global community, which engages with range of regional, national and international labour markets. We provide jobs, internships and experiential learning to train the students as per market demand.

What are you studying

Apart from key career education, you also provided and guided about career information and events always tailored to your academic program of study.

How SZABIST helps you in Career Development

Career Soft Skills Development Program

The significance of career and the role of career development programs tips and techniques for students to explore various opportunities and identify a pathway for their successful career.

Resume Building

We equip the students to portray their skills, qualification and academic achievements by creating an impressive resume and standing out from the competition.

Mock Interviews

Gear up the students to perform confidently and effectively for the job interviews by training them through mock interviews.
